Metro DATAVAC Electric Duster

Model: ED500
Specifications: .75 HP; 4.5 amps; 500 Watts; 70 CFM

Includes: Power Unit; Blower Nozzle; Air Pin-Pointer; Air Flare; 3 Piece Micro Cleaning Tool Kit.

Instructions:

1. Plug power unit into standard wall outlet.

2. **BE SURE TO FIRMLY ATTACH THE FOLLOWING ACCESSORIES ONTO BLOWER PORT WITH A CLOCKWISE TURNING MOTION**
   A. The Blower Nozzle (for large volume air flow)
   B. Air Pin-Pointer (for concentrated power and micro cleaning tool kit adaptor)
   C. Air Fare (for wide coverage) onto blower port

3. Depressing black switch button will turn power unit on and off.

4. For finite cleaning, firmly attach micro crevice tool, or dusting brush to flex neck tube, and then attach complete assembly to air pin-pointer.

5. It is normal for the power unit to get warm to the touch if used with attachments for extended length of time.

EXCLUSIVE 5 YEAR MOTOR WARRANTY
